Introduction

Introduction	Guidance
<ul style="list-style-type: none">● NHS England is committed to an equitable and consistent approach to funding the core services expected of all GP practices.● Following the changes agreed to the General Medical Services (GMS) contract for:● 2022/23, this guidance document sets out the approach to the funding changes that NHS England will apply to Personal Medical Services (PMS) and Alternative Provider Medical Services (APMS) contracts.● Commissioners will update local PMS and APMS contracts as soon as possible, applying the funding changes identified in this guidance with effect from 1 April 2022.● Correspondence containing specific pieces of guidance was issued prior to this document being prepared, as below: <p>*March 2022: General practice contract arrangements in 2022/23</p>	<p>Implementing the 2022-23 GP Contract – Changes to PMS & APMS contract</p>

Delivering a common increase to core funding (Increases to GMS global sum)

Increases to GMS global sum	Guidance
<ul style="list-style-type: none"> ● New investment paid via global sum for 2022/23 totals a net £180m for uplifts to pay, staff and other expenses. ● The reinvestment of both MPIG and Seniority payments into global sum payments is complete. ● The net effect is that: <ul style="list-style-type: none"> * Global sum payment per weighted patient increases from £96.78 to £99.70; and * GMS OOH deduction remains at 4.75% in 2022/23, equating to £4.73. ● In addition, there has been an increase in the value of a Quality and Outcomes Framework (QOF) point from £201.16 to £207.56, resulting from the updated Contractor Population Index (CPI). ● These revised values take effect from 1 April 2022 as detailed in the Statement of Financial Entitlements (SFE). ● A ready-reckoner has been developed, which GMS practices can use as a rough guide to estimate the change in their funding as a result of the contractual changes in 2022/23. The ready-reckoner is indicative only and does not constitute financial advice to practices. Nor does it reflect any national modelling for assessing practice-level impacts of contract changes. 	<p>Implementing the 2022-23 GP Contract – Changes to PMS & APMS contract</p>

Delivering a common increase to core funding (Global sum funding and uplift)

Global sum funding and uplift				Guidance
<ul style="list-style-type: none"> To deliver an equitable and consistent approach to uplifting PMS and APMS contracts, commissioners (CCGs under delegation agreement) will apply increases for those GMS changes that also impact on these arrangements for PMS and APMS contracts that are equivalent to the value of the increases in the GMS price per weighted patient. (Except where local agreements with contractors set out a different approach to secure equitable funding). In summary, GP practices will see changes in core funding as set out in table 1. 				Implementing the 2022-23 GP Contract – Changes to PMS & APMS contract
Table 1				
	GMS	PMS	APMS	
	£/weighted patient	£/weighted patient	£/weighted patient	
Inflation - net uplift	£2.92	£2.92	£2.92	
<ul style="list-style-type: none"> Commissioners will need to apply the tariff(s) identified in table 1 above to calculate the increases due to individual PMS and APMS practices. Calculating the increase due will require the appropriate tariff(s) to be multiplied by the weighted list size of the practice (or raw list if the local contractual agreement requires). Typically, this will be the list size at the beginning of the quarter prior to the commencement of the financial year e.g., 1 January 2022 (unless the contractual agreement specifies otherwise). Inflationary – net uplift is the GMS price increase per weighted patient resulting from the uplift on pay, along with an appropriate uplift to expenses. That leads to a GMS contract uplift of 3.0 per cent. Commissioners will apply the corresponding appropriate uplift to PMS and APMS practices as shown in table 1 above. 				

Delivering a common increase to core funding (Out of Hours (OOH) ‘opt-out’ deduction)

Out of Hours (OOH) ‘opt-out’ deduction	Guidance
<ul style="list-style-type: none"> • Where no OOH deduction is made in PMS or APMS contracts (i.e., OOH opt out never featured in the contract or was permanently removed) no further action is required. Where there is an agreed deduction, this should be consistent with the revised GMS OOH deduction. • The cash value of the PMS OOH deduction per weighted patient for 2022/23 is therefore also £4.73. The PMS percentage reduction is determined by applying the GMS OOH cash deduction to the PMS price per weighted patient (which is GMS global sum price per weighted patient less cumulative MPIG reinvestment = £99.70 minus £3.33 giving £96.37). So, £4.73 gives a reduction of 4.91% from £96.37. • Commissioners will apply the OOH deduction of £4.73 per weighted patient to the weighted list size (unless the contractual agreement provides for raw list size) of the PMS or APMS practice to calculate the value of the OOH opt out deduction. 	Implementing the 2022-23 GP Contract – Changes to PMS & APMS contract

Delivering a common increase to core funding (Other funding changes)

Other funding changes	Guidance
<ul style="list-style-type: none"> • The funding/payment changes to the Network Contract DES on page 8 below, also apply in 2022/23 following changes to the GMS SFE and commissioners will need to replicate the terms set out in the SFE in PMS and APMS contracts as appropriate: • Quality and Outcomes Framework – as set out above on page 4, the pound per point value increases from £201.16 to £207.56 as a result of the Contractor Population Index (CPI) adjustment. • Commissioners should refer to the main implementation guidance for details on changes to enhanced services and other services in 2022/23 and will be available on the GP contract pages of the NHS England website by the end of March 2022. 	Implementing the 2022-23 GP Contract – Changes to PMS & APMS contract

Delivering a common increase to core funding (The Network Contract DES)

The Network Contract DES						Guidance
<ul style="list-style-type: none"> By 2023/24, up to £2.355 billion would flow nationally through the Network Contract DES - or £1.9 million per average network. The updated Network Contract DES specification provides full details and will begin on 1 April 2022. The table below sets out the payments that will relate to this DES for 2022/23. 						Implementing the 2022-23 GP Contract – Changes to PMS & APMS contract
Payment Details	Amount	Contract types	Allocations	Payment made to	Payment timings	
1. Core PCN funding	£1.50 per registered patient* per year (equating to £0.125 per patient per month)	GMS, PMS and APMS	Primary Care Medical allocations	Network's nominated account	Monthly by the last day of the month in which the payment applies and taking into account local payment arrangements.	
2. Clinical Director contribution (population-based payments)	£0.736 per registered patient* (equating to £0.061 per patient per month)	GMS, PMS and APMS	Primary Care Medical allocations	Network's nominated account	Monthly by the last day of the month in which the payment applies and taking into account local payment arrangements.	
3. Staff reimbursements for the reimbursable roles set out in guidance	Actual costs to the maximum amounts per the Five-Year Framework Agreement, paid from April 2021 or following employment.	GMS, PMS and APMS	Primary Care Medical allocations	Network's nominated account	Monthly in arrears by the last day of the month following the month in which the payment relates and taking into account local payment arrangements. Payment claimable following start of employment.	
4. Extended hours access DES	£0.72 per registered patient (£0.12 per month) to cover April to Sept 2022	GMS, PMS and APMS	Primary Care Medical allocations	Network's nominated account	Monthly by the last day of the month in which the payment applies and taking into account local payment arrangements.	

Delivering a common increase to core funding (The Network Contract DES cont.)

The Network Contract DES						Guidance
<ul style="list-style-type: none"> Continuation of the table below which sets out the payments that will relate to the Network Contract DES for 2022/23. 						Implementing the 2022-23 GP Contract – Changes to PMS & APMS contract
Payment Details	Amount	Contract types	Allocations	Payment made to	Payment timings	
5. Extended Access	£3.764 per PCN adjusted population (£0.627 per month) Oct 22 to March 23	GMS, PMS and APMS	Primary Care Medical allocations	Network's nominated account	Monthly by the last day of the month in which the payment applies and taking into account local payment arrangements.	
6. Care home premium	£120 per bed per year (equating to £10 per bed per month).	GMS, PMS and APMS	PMC allocations	Network's nominated account	Monthly by the last day of the month in which the payment applies and taking into account local payment arrangements.	
7. Investment and Impact Fund (IIF)	Amount payable dependent on achievement.	GMS, PMS and APMS	PMC allocations	Network's nominated account	The details on how the IIF operates and associated payments can be found in Section 10.6 and Annexes C and D of the Network Contract DES Specification and the separate IIF guidance.	
<p>*Based on patient numbers on 1st January immediately preceding the financial year. **as per local payment arrangements (to account for where CCGs/Regions do not have a payment run on the last day of the month)</p>						
<p>Note</p> <ul style="list-style-type: none"> All costs – for practices including the Network Contract will be payable from Primary Care Medical allocations – including the £1.50 per head which transfers from core to Primary Medical Care Allocations from 1 April 2022.
